

Preferred Partners Network

The Preferred Partners Network (PPN) is a master list of trade allies and energy services companies. The companies are qualified to promote the technologies and equipment that deliver high quality energy efficiency and demand response. TVA maintains this list and makes the network available as an independent service for power distributors to share with their customers. The PPN can be a valuable asset when project assistance is needed for equipment purchases, design and implementation.

Benefits of PPN membership

- Business listing as a member of TVA's Preferred Partner Network
- Promotion by participating power distributors and TVA
- Advertising exposure and networking opportunities
- Cooperative advertising as funding allows
- Access to promotional material
